Died.
SCOTT—At his residence, in North Kona, Hawaii, November 24, 1894, William Evans Scott, aged 35 years.

LOCAL AND GENERAL NEWS.
The annual clearance sale of the Temple of Fashion began to-day. Bargains are booming there.

The wheel rope of the W. G. Hall broke as the steamer was coming into port, delaying her about fifteen minutes.

The auction sale of jewelry at Wenner & Co.'s store yesterday was very satisfactory. Harry Armitage wielded the hammer.

A celebration of the 25th anniversary of the independence of Portugal will be held at Brito's hall, King and Smith streets, at 7:30 p.m.

The Anglican Church Chronicle is out on time, beginning its 13th year. It is well supplied with church and social news, besides editorial and selected matter.

The royal flag of Portugal is flying over the store of M. A. Goncalves & Co. to-day in honor of the 25th anniversary of the independence of Portugal from Spain.

Rev. J. Waimanua held Thanksgiving services at Oahu jail on Thursday last. The services were brought to a sudden close by a heavy downpour of rain.

A native named Pupu was up in the District Court this morning for gross cheat. He passed a note on a fellow-countryman for \$24. The case was postponed until Wednesday.

Paul Neumann and Mrs. J. Ailau have issued summons against J. A. Magoon et al. in a water rights controversy. The plaintiffs claim the right to use water of a Puaea stream for four hours daily to irrigate their lands.

The Leilani Boat Club's dance will take place next Friday evening, and everybody is hoping that fine weather will prevail on that date. The money is to go towards fitting up for a lulu and fair to be given later for funds to secure a boat.

Those wishing to secure a fine homestead can do so on Dec. 13, when J. F. Morgan will sell twenty-four acres of land at Makiki. The property is part of the Bishop estate and is bounded by Wilder avenue, Kewalo street and Lunalia Home. Lots in the immediate vicinity were sold recently for \$700 each.

At 5 a. m. the Portuguese band serenaded Senhor A. de Souza Canavarro, Portuguese Charge d'Affaires, in honor of their country's independence anniversary. The band then marched through the town to the Catholic Mission, and, after giving a serenade there, marched to their quarters.

A 4x2 foot corrugated glass was broken in the Marshall's office to-day and no one did it, it being the result of a sudden jar from the violence of the wind. This makes the second glass of the same style broken. A new one will have to be imported from San Francisco, there being none in the city.

LOCAL AND GENERAL NEWS.

Captain King returned in the W. G. Hall yesterday afternoon.

Remember the Kilohana Art League exhibition by electric light this evening.

The Norrie libel case has been postponed until next Tuesday in the District Court.

David Naholewa is no longer Court officer. Albert McGurn has succeeded him.

If the Australia is in port when you read this, you will know that Nolte has fresh oysters on ice.

The barkentine John Smith put into port leaking. She is from Port Blakely and is on her way to Shanghai.

Charles Seymour of Pahala, Hawaii, says thirteen inches of rain fell in eleven hours at that place recently.

Jas. F. Morgan dropped in from Kona, Hawaii, yesterday in the steamer W. G. Hall. Mr. Morgan looks well.

W. G. Irwin & Co. sell through tickets to all points in the United States for the S. S. Australia sailing next Saturday.

Captain Wm Davies has entered the Wilder's Steamship Co.'s service, and will probably command the steamer Hawaii.

Sauerbrunnen, the celebrated mineral water, has been received in fresh supply by the bark Paul Isenberg at H. Hackfeld & Co.'s.

A Sentinella is out in blue ink in honor of Portuguese Independence Day. It contains an epic poem in double column space.

Only two second-class passengers are booked to leave by the S. S. Warrimoon now due from the Colonies for British Columbia.

The Government band will play at Emma Square this afternoon. In the evening the same band will give a concert at the Hawaiian Hotel.

Mechanics' Home, corner Hotel and Nuuanu streets, lodging by day, week or month. Terms: 25 and 50 cents per night; \$1 and \$1.25 per week.

H. Hackfeld & Co. have received, by their iron bark Paul Isenberg, a large cargo of general merchandise. They will be able to supply many lines of trade with fresh goods.

Alex. McKibbin instructs L. J. Levey to sell the whole of his household furniture at auction on Friday next. This will be a rare chance to get desirable articles, as will be seen by the list.

The district of Kau, Hawaii, is flooded. Hilea and Honuapo plantations have an excess of irrigation. The warehouses at the last-named place is filled with water, and a quantity of sugar damaged.

G. R. Harrison, practical piano and organ maker and tuner, can furnish best factory references. Orders left at Hawaiian News Co. will receive prompt attention. All work guaranteed to be the same as done in factory.

The Leilehua club held a social and dance in Arion hall Thursday evening. Refreshments were served after the dance. The officers of the club are: Mr. Fetu, president; J. A. Lawelawa, treasurer; S. W. Spencer, secretary.

Having purchased largely at a late credit sale, I am now enabled to sell goods cheaper than any other retail store in town. All kinds of Dress Goods will be sold at auction prices for cash. Sale commencing Monday, Nov. 26th. M. S. Levy.

St. Andrew's Cathedral Sewing Society will resume its meetings on Tuesday, December 4, at 2 p. m., in the Cathedral Sunday schoolroom. On that day and on the following Tuesday, a few fancy articles left over from the fair will be on sale between 2 and 5 p. m.

To-morrow will be the eightieth birthday of Brother John of the Catholic Mission. He is still hale and hearty, doing the errands of the Mission about town on foot. The BULLETIN congratulates its old friend, whose daily appearance in the office is always the signal that it is time to go to press.

Little May Bentley

Born a Genius

Disease Threatens to Cut Short a Noble Career

But Hood's Sarsaparilla Restores Good Health.

Little May Bentley is an accomplished elocutionist and natural born speaker of only 12 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "G. I. Hood & Co., Lowell, Mass."

"I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I

Continued to Grow Worse.

I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted effectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla. Little May Bentley, Shelbyville, Indiana. Get HOOD'S.

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

LADIES' COLUMN.

MRS. FREIMANN, who manages our Dress Making Department, has returned from Chicago and is just overloaded with fashions, styles, and fads from morning to night about dresses being cut this way and that way, and this is in fashion and that out of fashion, about how this ought to be made and that ought to be made. It's worth your while to hear her. She says we are in it with the best of them when it gets to handling stylish goods.

Rainy weather always suggests something warm and as all Wool Flannels and Flannellettes are quite the thing we propose to decrease our stock of them somewhat during the week, at what is becoming quite well known as Quick Sales and Small Profit Prices.

Flannel is an article in every day demand, and as necessary to the complete outfit as air and light to perfect health and strength. For Night Dresses, Chemises and Knickers nothing is better, while for dresses nothing is neater or more comfortable. We are going to move these goods and now is the time to buy them, and when you are doing it, don't forget that we are making a run this week on Flannel and Flannellettes, that other bargains are offered.

Yes, your five cent check is worth just as much as a five dollar one—it is not the value of the checks that takes you to the Volcano but the number you have of them.

NOTICE.

TO WHOM IT MAY CONCERN: Having disposed of my one-third interest in the KALAE COFFEE COMPANY, as of the 14th of November last, to Mr. WILLIAM TEMPLETON, I have no further responsibility for claims against the said Company. C. B. WELLS, Waialua, Maui, November 24, 1894. 1129-2t

To Plantation Managers.

The following letters received from Mr. Jno. A. Scott, Manager Hilo Sugar Co., refer to the AVERY FERTILIZER DISTRIBUTORS and STUBBLE DIGGERS, for which the Hawaiian Hardware Co. are sole agents. Mr. Scott first saw these implements at the Columbia Exhibition in Chicago, and was so favorably impressed with their appearance that he immediately ordered samples shipped to the Hilo Sugar Co. Mr. H. Deacon, Manager for Pepeekeo Sugar Co., secured one each of these implements from Mr. Scott and expressed his satisfaction with them in the letter published herewith:

PEPEKEO, Aug. 8, 1894.

J. A. Scott, Dear Sir:—In reply to yours in relation to the "Avery" Stubble Diggers and Fertilizer Distributors.

I would say that I have been using the Diggers almost constantly since I received them, and am highly pleased with them. As the name signifies, I find them specially adapted to the work of loosening the soil about ratoon stools, and they may be used to great advantage either before or after the Fertilizer Distributors, thereby putting the ratoon fields in the very best condition for a rapid growth. They are a light draft machine, and I would recommend them to any plantation owner.

The Fertilizer Distributor is a great labor saving machine, and I find that I shall need one more to fill our requirements here.

I remain, yours respectfully, H. DEACON, Manager for Pepeekeo Sugar Co.

WAINAKA, Hilo, Aug. 9, 1894.

Mr. E. R. HENDRY, Honolulu.

Dear Sir:—In reply to your enquiries regarding the working of the "Avery" Stubble Diggers and Fertilizer Distributors. I would say that I have been using the Diggers for some months and have dug some eight hundred acres of stools with them, thoroughly loosening the soil in and about the roots, thus giving them an excellent opportunity for many more shoots to come forth than usually do. And I find that there is a thicker stand of cane where it has been stubble dug. The machine works in fertilizers on ratoon stools without any further hand labor, mixing them thoroughly with the soil and allowing them to get to the roots of the plant.

The Fertilizer Distributor I have had at work for some time and I have fertilized about four hundred acres with them so far and they are doing all the makers claim for them, distributing the fertilizers in an even manner on each side of the cane and in whatever quantity desired. They are a good labor saving machine and are doing the work of several men. These machines are of light draft and strongly made and there is nothing liable to get out of order. I can fully recommend these to plantation owners.

I remain, yours truly, JOHN A. SCOTT, Manager Hilo Sugar Co.

We received by the Alameda a carload of Avery & Sons' Implements which include Fertilizer Distributors, Stubble Diggers and Improved Sugar Land Cultivators. The latter has solid discs and shovel attachments. They are admirably adapted for use in the soil here and will be found necessary on every plantation.

The Fertilizer Distributor is arranged to work on land where the furrows are irregular with the same facility as where they run even.

Any information regarding these machines will be furnished on application to THE HAWAIIAN HARDWARE CO., 307 Fort Street, Honolulu.

Drink Everywhere And at All Times

HIRES' ROOT BEER.

IT IS A HOMEMADE AND HOMEMAKING BEVERAGE.

It is very easily prepared, and if the plain directions are followed, it will always be good. Every member of the family, from the baby to the grandfather, can enjoy Hires' Root Beer, and every one of them will have better health for each swallow they take. It improves the appetite, purifies the blood, and tones the whole system. Children especially delight in Hires' Root Beer. Its preparation interests them, and its use does them good. In thousands of homes, "Hires' Root Beer that mother made," will be among the happiest recollections of childhood. It cleanses the system of the poisonous humors that develop in kidney and urinary diseases, and in fact, in any case that arises from an impure state of the blood.

Distinctly understand Hires' Root Beer is without adulteration or any chemical or artificial admixture—we prove it—it is made in our open Laboratory. No secret process. We take the best Herbs and Roots, boil them down, bottle them and send them to you. Perhaps there isn't another Root Beer Laboratory in the country open to public eye. Everybody knows Hires' Root Beer—chemicals can't approach nature. Will you use natural Root Beer and satisfy your thirst and strengthen your body, or will you use artificial Root Beer to save a few pennies and ruin your health? There is ten times as much Hires' Root Beer sold than all other Root Beer extracts combined.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

Mr. John A. Scott, Manager of the Hilo Sugar Company, gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 3000 tons. This is fully 10 percent more than the best work of former years."

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company."

"And by its use the extraction has been increased from 3 percent to 5 percent on all kinds of cane, and in some cases 80 percent has been reached; the average being 75 to 78 percent, according to quality."

"I continue to find the megass from shredded cane better fuel than from whole cane."

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoon."

"The shredder and engine require very little care or attention."

Plans and specifications of these Shredders may be seen at the office of

WM. G. IRWIN & CO., Ld.,

Sole Agents for the Hawaiian Islands.
